

Poultry farm enquiry checklist

Use this checklist when requesting equipment or a complete EC-house quotation. Share what you know; the team can help clarify the remaining details.

- Your name, phone number and email
- Site location and delivery address
- New farm, expansion, equipment upgrade or spare-part requirement
- Broiler or layer operation and planned bird capacity
- House dimensions, number of houses and layout drawings if available
- Equipment required: ventilation, feeding, drinking, cooling, brooding, cages, collection, silos, controls or spare parts
- Existing equipment: manufacturer, model, part numbers and photographs
- Available electricity, water and fuel connections
- Installation, commissioning and operator-training requirements
- Preferred schedule and questions about delivery
- Ask for confirmed model specifications, warranty terms, scope and applicable manufacturer datasheets

This is a planning aid, not a product specification or binding quotation.
